However, there is no guarantee that you will receive the items you want. Try it out! ★★★★★ NEW ACTION RPG FOR YOUNG GIRLS. REVIEWED BY FURYluna. ★★★★★ I recommend this game for girls with certain topics. REVIEWED BY Night_Silver. ★★★★★ Why is this game rated (very) low? THE GAMEPLAY. The gameplay is what would make it a bad game. In theory, it is very fun, but in reality, it is not. You can go everywhere, and there is little chance that the enemies will attack you. You can also find items, special attack, and magic stones. However, enemies cannot be fought with these items. On the other hand, on some bosses, the number of hits you can do is small. It is hard to get the experience that other games have. PLAYER ENTRANCE. In the tutorial, you can jump and move freely, and you can also jump and attack by tapping on the screen. For weapons, you have a quick attack and a slow attack. But the weapon magic attack is not available. THE SPECIAL SYSTEM. Unfortunately, there are no special attacks. You can only use the special attack if you are not an Elden Lord. The reason is that, according to the philosophy of the game, the best combatant is the one with the most powerful weapon, and more powerful attacks will be the best choice. DISCIPLINE SYSTEM. The discipline system is too hard. On some levels, you need to go to the discipline screen, and, if you fail, you can go to the right side again. On this screen, you have to choose a level to try to solve. However, you cannot switch back to the previous screen. If you skip too many times, then you will have a penalty, which will be reflected in the next trial. THE WORLD. There are random events. For example, some enemies will be required bff6bb2d33
