It is not as widely used as other AutoCAD software because it is only focused on the construction industry. Major features of AutoCAD Architecture:

## AutoCAD Crack + Incl Product Key

On October 2, 2015, Autodesk announced the availability of a "locker" for portions of the Autodesk CAD app for iOS devices. In a similar manner to the "Zip" function in Windows, the "locker" function allows a designer to prevent third-party apps from accessing certain types of information without authorization. The locker provides a flexible method for developing secure access to data in the cloud or on the mobile device. Version 2016 offers a new workspace that uses window tiling to provide a method for controlling toolbars. The 2016 update also added the ability to automatically create a drawing project based on the current open drawing.
