## FS2004 - PSS B777 Professional 2004 License Key

November 11, 2009 - After posting on the FS2004 forum and getting a helpful response, I posted it to .  
œLoading configuration of the aircraft PSS B777. License key not found! "Clicked" Save ", after which  
in the disk selection window appeared the inscription "This disk is currently not in use." I clicked "OK",  
the same message appeared, but with a request to enter the key. "Key entered correctly, no errors  
found!" The drive selection window reappeared with the message "This drive is currently not in use."  
"OK" - and again the message "This disk is currently not in use" appears. "OK" - and again the message  
"This drive is currently not in use."
