Reply.. Java Nuts says: at 12:33 pm. For the last year or so I have been trying to get my old copy of Windows 95 up and running for nothing but I have yet to find a site that has one that works. Can anyone help me? And when I try using Windows 2000, XP, or any version of Windows 7 that I have, I get a black screen and I have to reboot. (Yeah, I should have stuck with Windows 95).
