Games like Pac-Man and Galaga work in part because you'll always know what's next. VVVVVV works in part because there are always new things to discover, and new, weird, and wonderful things are always waiting around the corner. VVVVVV's art style stands out in the Side Scroller genre with lovable graphical details. Pouncing on enemies, throwing water balloons, and zapping baddies make VVVVVV an easy game to both jump into, and lose hours to. It's a simple piece of software that plays extremely well. If you are looking to play a game with an extremely rich fantasy world, like Kingdom Come: Deliverance may be right for you. Or if you wish to play a well-rounded survival game with a focus on crafting and crafting items, like Minecraft, then Dwarf Fortress is an option. Or if you like to share your creations, like most indie developers, then you'll want to check out the Minecraft edition of Terraria, which was brought to Xbox One. Or if you enjoy a constantly evolving Metroidvania style of game, like Dark Souls, then World of Goo is perfect. Depending on how much time you have and how much hardcore you like to play, you'll find a good gaming experience at both ends of the spectrum. One of the reasons many people enjoy Minecraft in particular is its ability to let players create things. Spirits also has that crafting element because it lets you design your own vehicle and even change the size of your body at will. It's not uncommon for many players to spend hours creating and improving their own vehicles. There's also a game within a game based on Dark Souls that offers a unique and challenging crafting challenge. Maybe you just want a fun game where you can find a good gaming experience at a low price.

Hearthstone, the fast-paced card battler, earns a spot in this category with its ease of accessibility. Many gamers have played through the game's tutorial and can play with no complaints, so Hearthstone might make a strong contender for our next game of the year selection, especially since it has the ability to keep any player enthralled for hours at a time. Puzzle Challenge features a clever blend of puzzle solving, exploration, and fighting. Incorporating these three elements into one title is risky, but that makes it all the more rewarding to play. Combine your troubleshooting, spatial awareness, and combat skills to escape and defeat the creatures who have trapped you. The environments feel like miniature landscapes, and the creatures you encounter feel more alive than most games of the genre, adding in fantasy to the mix while staying grounded. Where is the player's freedom in this game? You have to find out. Sensible World offers players a creative, free-form sandbox game. Your job is to help the player generate their own adventures as they play the game. You can construct buildings, worlds, and even roads to create and share maps, which can then be used by players to complete a variety of objectives. Or, you can design and bring your own story to life as it unfolds. Minecraft is the de facto game of our generation. Nothing has been done to challenge its hold on players, which is why Minecraft is a bit of an oddity in a genre that has a host of other interesting options to explore. There's nothing particularly wrong with the game, and it remains consistently enjoyable thanks to its consistent appeal. Sure, there are plenty of options for

exploration, building, and survival, but what puts Minecraft in the upper echelon of titles is its accessibility. Millions of players have played the game, and countless more are discovering the magical wonder that is Minecraft every day. Its a game of the people, and its hard to get a better selection than that. 5ec8ef588b
